Dear Parents/Guardians,

Parent-teacher conferences are a great way to provide a foundation for a partnership between families and schools. Conferences encourage home-school linkages and help support children's learning when:

- Parents and teachers engage in dialog about the student's learning and development on a regular basis.
- Parents and teachers are willing to listen and learn from each other.
- Parents and teachers come to the conference prepared to ask questions and share information that will benefit the student.

You may click [Parent-Teacher Conferences](#) or find the link on the SHS Website for parent-teacher conferences allowing you to choose the days and times that would work best for you, The goals for our conference together is to inform you of your child's growth and progress, learn important information from you regarding your child, plan for your child's future success and build a trusting relationship with you. Enclosed are some tips to help you prepare for the conference. I hope you find them useful!

Please feel free to contact me if you have any questions

Thank you,

Julia Fletcher
