Parent Engagement Corner

Parents,

Increasing your student's vocabulary is important at any age. Since learning depends on good speech, reading, writing and communication skills, improving your student's vocabulary can improve school performance in every subject. Please read this month's newsletter to find vocabulary tips to help you and your students at home.

As always, please feel free to contact me any time if you need support or information on how to improve your child's academic performance in school. You can reach me at (770) 229-3775 or Sandra.merritt@gscs.org.

Did You Miss...?

In February, all parents were invited to attend and participate in the You Have a Stake in SHS Stakeholder Meetings.

Stakeholders were given an opportunity to review and revise the School-Parent Compact and the School Parent and Family Engagement Policy. We also asked for feedback on the reservation of funds and building staff capacity.

If you missed the stakeholder meeting and would like more information, you may watch a video clip at <http://www.spaldingjags.org/Parents/index.html>.

You can also give feedback online at <https://tinyurl.com/GSCS2018FeedbackLink> or contact Sandra Merritt at (770) 229-3775 or at Sandra.merritt@gscs.org.

Literacy Tips for Parents of a Middle Student

- Read. Read. Read. The most important means of improving reading skills is to encourage reading of all kinds. Read the back of the cereal box, the newspaper or billboards.
- Visit places where reading is featured including the library, museums or bookstores.
- Talk to your child about what he is reading or learning and not how he is doing in it, but the actual content. Have him summarize or paraphrase what he is reading.
- Read the same books your child is reading. Then talk to them about the book. Ask why and how questions not just factual questions.

Word of the Day

Have family members take turns bringing a new word to the supper table. Each person should be prepared to tell family members what the word means and then use it in a sentence. Post the words on the refrigerator or anywhere else that is easily seen. Make this activity a little more competitive by having a contest of who can use the word of the day the most times in a sentence correctly.

Comprehensive Needs Assessment and School Improvement Plan Parent Feedback!

A Comprehensive Needs Assessment is the first step in developing an improvement plan. It is a process that collects and analyzes data to determine strengths and weaknesses. A School Improvement Plan is a road map that sets out the changes a school needs to make to improve the level of student achievement. School specific goals are determined based on data with action steps for improvement.

We value your input. Please take a few minutes to review the Comprehensive Needs Assessment and School Improvement Plan at <http://www.spaldingjags.org/Parents/index.html>. After reviewing, please visit <https://tinyurl.com/GSCS2018FeedbackLink> to provide input. If you have questions, about the plan contact Lindy Pruitt at (770) 229-3775 or at lindy.pruitt@gscs.org.
